Workshop Report: Leveraging AI Tools in the Classroom

Date: 27 Mar, 28 Mar. 9 April,13 April 2024

Location: Computer Lab

Facilitator: Mrs. Neha Gaur

Assisted By: Prabhjot Kaur

The facilitator, aimed to introduce educators to various AI tools such as Roshi.ai, Adobe Express, and Curipod.com to enhance teaching and learning experiences.

Workshop Overview:

The workshop began with an introduction to the concept of AI and its significance in education. The facilitator highlighted the potential of AI tools to streamline classroom activities, improve student engagement, and facilitate personalized learning experiences. Participants were introduced to the key AI tools that would be covered in the workshop: Roshi.ai, Adobe Express, Curipod.com., Office.com and Runwayml.com

Hands-on Activities:

Throughout the workshop, participants engaged in hands-on activities to apply their learning and explore the functionalities of the AI tools. They were encouraged to develop sample lesson plans and visual content using Roshi.ai, Adobe Express, and Curipod.com. The facilitator provided guidance and feedback to help participants navigate the tools effectively and maximize their potential in the classroom setting.

Conclusion:

The workshop on leveraging AI tools in the classroom proved to be a valuable learning experience for educators seeking innovative ways to enhance teaching and learning processes.

Overall, the workshop served as a catalyst for educators to harness the power of AI tools and transform their teaching practices, paving the way for a more dynamic and inclusive educational experience for students.

A total of 70 teachers participated in the Workshop in four different slots.
