

**Title: Chhapaak - Fun on Rainy Days**

**Duration: A week full of rainy- day fun activities**

**Classes: NUR and KG**

**Venue: School premises**

The rainy season has arrived, and our school has been buzzing with exciting activities to make the most of this wetty weather. From indoor games to creative pursuits, we've been keeping ourselves engaged and entertained.

Various activities were planned for children to enjoy the rainy season. They revelled in all the activities and had fun-time in school on rainy days. Twirling in the rains embrace the smiles of these children shined brightly as they danced in puddles with joyful grace, carefree and wild.
